Visit us: 3472 NW Byron St, Silverdale, WA 98383

MonicasCafe.com

At Monica's, our mission is to Nourish Our Community through engaged relationships, and we know this is needed now, more than ever. We've put together some great options for you and you can still order 'ala-carte' from our regular menu. We take orders for whole desserts like pies, cakes, bars & cupcakes. ***These things are always true, not just during a pandemic.***

Not everyone can get out for food. We support your efforts to Stay Home and Stay Healthy! We are here to make your stay at home, picnic in the park, and every day, more delicious.

We request a \$10 minimum order for delivery. Delivery is free in Old Town, \$5 in the greater Silverdale area, and beyond that is calculated by time.

We will do our best to honor the menu we post and substitutions may be necessary if we sell out of certain items. Any major substitutions will be approved by you!

As always, we will customize your order to the best of our ability. We make everything from scratch for you and are always willing to entertain requests.

You may order by coming in, calling us, texting the cafe, or through the online ordering on our site.

You may pay online or via text with your credit card; on premise or by phone with cash, your gift card, or credit card (and you may add value to your gift card to get your 5% cash back and other perks) and pull your car up to our back door (in the alley) for pick-up. You can load your card up, or use it to pay, in-store or by phone. We take business checks, too.

And don't forget our **Suspended Coffees program**, it's for any meal you want, not just coffee. If you are in difficult financial times for any reason, have kids reliant on school meals not being offered, have an isolated neighbor or loved one you want to take food to, we've got you. If you would like to donate a cup of coffee, a meal, or a flat amount to the program, it will help us continue to feed those in need.

Please call for daily specials, or check us out on Instagram & Facebook. We are posting just about everything we make each day since you can't come browse like you used to.

Our goal is to serve our community and keep our people as fully employed as possible, so as to not further strain the system. Our team has the option to not work if they prefer to stay home, no matter what the reason. The rest of us are being more vigilant than ever in our sanitation practices.

This goal includes helping you in other ways, too. If you are unable to get basic items you need and do not have someone to help you, give us a call. Even if you aren't ordering food from us we want you to know you are not alone, we are here for you, we love you, and we will help you.

Order one day for next day delivery. For regular daily menu items we can probably offer same-day delivery, too, just ask. Check out our special menus for more order-ahead deliciousness!

**SO MANY OPTIONS TO PLACE YOUR ORDER FOR TAKE-AWAY OR DELIVERY:
Come see us, visit our website, and call or text 'order' to the cafe at 360 698 2991**
